ASUS AI Overclocking is an intelligent utility that helps you get the most out of your build by automatically profiling your CPU and cooling system to predict optimal voltage and frequency settings. Accessible via the AI Suite software in Windows or directly through the UEFI, the intuitive AI Overclocking user interface enables users of all levels.

ASUS AI Overclocking

Some will reach 5GHz while others won't make it to 4.7Hz; this is an inevitable and random part of overclocking. However, in our experience the vast majority of chips should be able to comfortably reach 4.7GHz using the Maximus V Formula and appropriate cooling we're using here. Switch BIOS to Advanced Mode; Set AI overclock tuner to Manual
