### "Coaching Writing in Content Areas: Write-for-Insight ...

It should come as no surprise, then, that researchers have found that precious little reading or writing goes on in most content area classes. 1 Instead of requiring students to read actual scientific papers and historical documents, and instead of assigning students to write and re-write many kinds of essays, reports, and other materials, the vast majority of teachers assign only brief readings (mainly from textbooks) and short, formulaic writing assignments.

### Teaching Reading and Writing in the Content Areas ...

The existing research suggests that coaches need ongoing training in three general content areas: their particular subject area, such as literacy or mathematics; pedagogical techniques particular to the population their teachers are working with; and general coaching strategies, such as conducting postsession meetings. 18 Former and current coaches as well as the International Reading Association (2006) specifically recommend that coaches receive training in working with students with ...
