Globalization and Human Security. The transition to the 21st Century is characterized by glaring differences in the levels of development among states along with the widening scope and intensification of economic, political, and cultural interdependence. This internationalization of politico-economic and socio-cultural processes designated by the term "globalization" has two effects: positive and negative (Heredia, 1997).

Human security advocates...argue that non-traditional security parameters actually determine the state of human and then national security. Since these 'other threats' to security do not impinge upon sovereignty directly, they have tended to be treated as problems of nation building that involve socio-political contingencies and development ...

Human vs. National Security | global-e

Human security relates to much more than security from violence and crime. A report team wanting to look at the security of people's livelihoods (economic, food, environment or health security) might apply a human security approach. Human security can also be used to look into personal, community and political security. Indeed, human ...
