Environmental Impacts Introduction

Environmental Impact Assessment (EIA) originates from the National Environmental Policy Act (NEPA) prepared in the United States in 1969 and signed into law by the President in 1970. It was the first legislation for EIA, requiring analysis of the environmental impacts of major federal actions significantly affecting the environment.

ENVIRONMENTAL IMPACT ASSESSMENT

However, the draft Environment Impact Assessment Notification, 2020, released by the government in March, undermines all these gains, they claim. The notification codifies the process to identify and evaluate the environmental effects of proposed development and industrial projects. It provides the basis of a plan to mitigate these effects.
