documentation american massage therapy association, as one of the most operational sellers here will utterly be along with the best options to review.

Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Medical Requirements for Massage Therapy Students

Documenting a treatment as “massage”, “friction”, or “fascial release” does not give any form of continuity in treatment should the patient or client be transferred or referred to another practitioner. Secondly, sharing treatments and outcomes in a more objective way is virtually of no value both intra- and interprofessionally.
